The image displays two keyboard layouts. The left layout is a standard QWERTY keyboard with a 4x12 grid of keys. The right layout is a modified keyboard with a 4x12 grid of keys, including function keys like 'Autoshift toggle' and 'Autoshift report'.

The diagram shows a custom keyboard layout. The top row consists of function keys F1 through F6, followed by F7 through F12 and a power button. The second row includes Esc, Tab, Q, W, E, R, T, and a semicolon/underscore key. The third row features a tilde/underscore key, A, S (with a stack icon), D (with a stack icon), F (with a stack icon), G, and an apostrophe/quotation mark key. The fourth row contains a shift key with an up arrow, Z, X, C, V, B, and a left bracket/parenthesis key. The bottom row includes a Left Ctrl key, an empty key, Item2, tmux, and a key with a window icon. To the right of the main keyboard, there are two additional sections. The first section includes a key with a list icon, a key with a list icon and the text 'Alfred', a key with a list icon and the text 'Spotlight', a key with a list icon and the text 'FN', a key with a list icon and the text 'Caps lock', and a key with a list icon and the text 'Del'. The second section includes a key with a list icon and the text 'Ins', a key with a list icon and the text 'Del', a key with a list icon and the text 'Spotlight', a key with a list icon and the text 'FN', a key with a list icon and the text 'Caps lock', and a key with a list icon and the text 'Del'.
